A. EVS

Code: EVS-401

Objective:

      This paper aims to give the fundamental idea about understanding their functions of natural system. This has to be related with various man induced activities affecting the nature in a destructive manner. Students have to be practically involved to understand this process by doing field work and assessment is internal.

Code: EVS-501

Objective:

      This paper aims for a deeper understanding of environment and its functions. How various man induced activities are responsible for degrading environment and what are the measures to such environmental management. Students have to be practically involved to understand this process by doing field work and assessment is internal.

B. EDUCATION

Code: BA/EDU-101

Objectives:
1. To enable the students to understand the meaning and concept of Psychology.
2. To enable them to understand the dimensions of growth and development.
3. To familiarize students with knowledge of Learning and Motivation.
4. To acquaint them with the knowledge of Intelligence and Creativity.
5. To enable them to understand the different aspects of personality and means of developing an integrated personality.

Code: BA/EDU-102

Objectives:
1. To initiate the concept of Pedagogy and familiarize with the educational process.
2. To develop the ability to analyse classroom teaching-learning and the ability to observe classroom behaviour.
3. To develop a positive attitude towards life and the teaching profession.

Code: BA/EDU-201

Objectives:
1. To develop an understanding of the role of sociology in education.
2. To acquaint with the sociological foundations of education.
3. To understand the role of education in relation to social change, social interaction and culture.
4. To understand and appreciate the role of community in resolving social issues and educational inequalities.

Code: BA/EDU-202

Objectives:

1. To develop knowledge and understanding of the nature, scope, process and types of management.
2. To develop the ability to identify the roles of participating members (individual or collective) and to plan various institutionalized managerial activities.
3. To enhance the ability of decision making in educational management.

Code: BA/EDU-301

Objectives:

1. To understand the historical development of education in India.
2. To understandthe salient features of ancient and medieval education.
3. To acquaint with the genesis of the Modern Indian Education.

Code: BA/EDU-302

Objectives:

1. To develop understanding of significant trends and issues in contemporary education.
2. To focus on certain major national and social issues and the role of education in relation to them.
3. To develop understanding of alternative systems of education.

Code: BA/EDU-401

Objectives:

1. To understand the meaning, aims and function of education
2. To develop an understanding of the role of major schools of philosophy in education.
3. To acquaint with the philosophical foundations of education.

Code: BA/EDU-402

Objectives:

1. To develop understanding of the concepts of measurement and evaluation in the field of education.
2. To acquaint with different types of measuring instruments and their uses.
3. To acquaint with the principles of test construction both educational and psychological.
4. To develop understanding of a good measuring instrument and their importance in educational measurement.

Code: BA/EDU-501

Objectives:

1. To acquire adequate knowledge of the recommendations of various education commissions.
2. To understand the issues and problems of education at various levels of education.

Code: BA/EDU-502

Objectives:
1. To develop the ability to use various statistics measures in analysis and interpretation of educational data.
2. To develop the ability to organize relevant educational data.
3. To develop the ability to represent educational data graphs and to develop the skill in analysing different measures.

Code: BA/EDU-503

Objectives:
1. To develop an understanding of educational ideas of Indian and Western educators.
2. To obtain knowledge of pedagogical concepts given by various educators.
3. To understand and appreciate scientific approach to the study of some educational problems.

Code: BA/EDU-601

Objectives:
1. To understand the meaning, nature and scope of educational technology.
2. Create an understanding of the application of basics of technology in the process of education.
3. To familiarize with the technological advances made and to develop a positive attitude toward the use of ICT in the educational process.

Code: BA/EDU-602

Objectives:
1. To help in understanding the meaning and importance of guidance and counselling.
2. To develop the ability to interpret various records for assessing the students' strengths and weaknesses.
3. To acquaint the students to various approaches in organizing vocational guidance.
4. To help in understanding the importance of job analysis and occupational information services.

Code: BA/EDU-604

Objectives:
1. To understand the meaning, types and importance of Curriculum.
2. To understand the basics of Curriculum Construction, Transaction and Evaluation.
3. To acquaint with the national policies on Curriculum.

C. ENGLISH

Code: ENG (G)101
Objectives:

To acquaint the students with the bio-details of authors, backgrou8nd of the age, meanings of words and library devices so as to enable them to write analysis, interpret the didactic value of the writings, and revise remedial grammar and language skills.

Code: ENG (G) 102
