KOHIMA: NAGALAND

ABOUT US

The late nineteen eighties were still a time in Nagaland when colleges were few, while the number of young people seeking higher education was increasing rapidly. The situation quite clearly indicated that the State required some good colleges providing sound education to meet the growing demand for it. Accordingly, the decision to establish a college of good repute in Kohima was made.

A meaningful name was important for an educational institution. Since the Alder tree provides multiple helpful functions to human life, it was resolved that the college will be named after this tree as an ever present reminder that the college must strive to provide relevant, comprehensive and value education that promotes responsible citizenship.

Alder College was established in the year 1992. By then, it was under the North Eastern Hill University (NEHU). The college was first located at Kenuozou Hill, Kohima. During the first year of its opening, 120 students enrolled. After about four years, the college was shifted to Sepfüzou Colony, Kohima. Since then, the college has grown steadily. Today, it caters to several hundred students from all over Nagaland and a few other states, providing honours courses in six subjects (Arts Stream).

The college is permanently affiliated to Nagaland University and recognised under Section 2 (f) and 12(b) of the U.G.C. Act, 1956.
