ADMISSION 2024

Welcome

The college boasts of a qualified and committed faculty providing an opportunity for academic excellence. The faculty is engaged in nurturing a knowledge ecology that taps into the student's potential providing them an intellectual training for higher studies.

As learning and serving are like two sides of a scale, the institute aims to maintain a balanced outlook among the students by encouraging them to contribute something positive about the good things they learn. Some of the ways in which this is done is by involving them in such activities like RRC, Eco Club, Peace Channel, NSS.
